

IMPORTANT SAFETY INSTRUCTIONS

Caution

Do not attempt to install this product until all instructions and warnings have been read and properly understood. Please keep these instructions for future reference. It is the installer's responsibility to ensure that all documentation is given to the end user and read fully before operation. PMC and its representatives are not liable or responsible for damage or injury caused by improper installation.

General

PMC recommend a certified installer or other suitably qualified person install this product. Great care must always be taken during installation as most AV equipment is of a fragile nature, possibly heavy and easily damaged if dropped. If you do not fully understand the instructions or are not sure how to install this product safely, then please consult a professional for advice and/or to install this product for you. Failure to mount this product correctly may cause serious injury or death both during installation and at any time thereafter.

Product location

Please pay careful attention to where this product is located. Some surfaces are not suitable for installation due to their structural integrity or they conceal utilities such as pipework, cabling and other obstructions. Only attempt to mount to surfaces that are safe and mechanically sound.

Fixing hardware

It is important that the installer confirms that the fixings supplied are appropriate for the surface and structure that the product will be placed. If in doubt seek professional advice regarding the appropriate fixing hardware.

Hazard limitation

Some products have moving parts and the potential to cause injury through the crushing or trapping of fingers or other body parts. It is recommended that periodic inspections of the product and its fixing points are made as frequently as possible to ensure that safety is maintained. If in doubt consult a professional installer or other suitably qualified person.

Appropriate product pairing

The **ci** series wall brackets are designed for use with PMC's **ci** range only. They should not be used with any other product. If it is inappropriate and/or the weight is exceeded for which the bracket was designed, it could result in serious personal injury or damage to the equipment.

Risks to the young & vulnerable

Risk of death or serious injury may occur when children climb or tamper with audio equipment or its mounting hardware. This product may contain nuts and other small items that could cause a choking hazard. It is not PMC's responsible to ensure these items, including packaging are out of reach of the young or vulnerable, pre and post installation.

The Professional Monitor Company Limited (PMC) intend to make this and all documentation as accurate as possible.
